

## Witness Statement

I, Johanna A. Kranenburg also known as ma Prem Divyam, of Holland, Wadwerderweg 97, 9988 SV Usquert, do state as follows:

1. I am a therapist and lead groups since 1985. In 1983 I became sanyassin of Osho and the following years I did many Osho groups and trainings in Poona, Germany and Holland. I then began to work with Osho therapy, and Osho meditations. I started with my husband an Institute for spiritual therapy in 1990. In this Institute many of the Osho therapy, meditations, quotes, music, video's etc were used. The Institute was not an Osho centre but it was and is based on Osho's words, vision and teachings and the word Osho was and is used a lot to describe many of our activity's.
2. I explained the vision of Osho in my groups. (at first the name was Bahgwhan Shree Rajneesh ofcourse) and it was very obvious that I got my inspiration and vision, spiritual and therapeutic, from Osho. There was no controle or license, I did not follow any guidelines and I did not sign anything, and also was never asked to sign anything.
3. I used the name Osho also on the website, the programs and brochures, to explain my work, the meditations and my vision, that it has been Osho who inspired me and taught me and gave us the meditations. My clients know that my work was and is inspired by Osho, and that I did not follow any guidelines or had a licence agreement with OIF.

The statements herein are from my personal knowledge and recollection and I believe all of the statements made and the facts mentioned to be true

J.A. Kranenburg
