

## Witness Statement

I, Pieter.F.J.M. Dingjan also known as sw. Omkaranand, of Holland, Wadwerderweg 97, 9988 SV Usquert, do state as follows:

1. I am a therapist and lead groups since 1980. In 1987 I followed the Rajneesh Counseling training in Poona and became a sanyassin. I then began to work with Rajneesh therapy, Primal and meditations, later called Osho therapy, Osho Primal and Osho meditations. I started an Institute for spiritual therapy in 1990. In this Institute many of the Osho therapy, meditations, quotes, music, video's etc were used. The Institute did not become an Osho centre but it was and is based on Osho's words, vision and teachings and the word Osho was and is used a lot to describe many of our activity's.
2. I explained the vision of Osho in my groups. (at first the name was Bahgwhan Shree Rajneesh ofcourse) and it was very obvious that I got my inspiration and vision, spiritual and therapeutic, from Osho. There was no controle or license, I did not follow any guidelines and I did not sign anything, and also was never asked to sign anything.
3. I used the name Osho also in my programs and on the website, to explain my love and inspiration to the man Osho and his vision, and that my work was (and still is) based on that. Out of this work many of the group-participants .decided to become diciples of Osho
4. My group participants knew and know that my work was and is inspired by Osho, and that I did not follow any guidelines or had a licence agreement with OIF. Also my true conviction ist that Osho wanted his vision to be spread as widely as possible, and that after Osho left his body he dissolved into all of us. So it is to us to keep on freely spreading the man's work, vision and meditations.

The statements herein are from my personal knowledge and recollection and I believe all of the statements made and the facts mentioned to be true
