

## Witness Statement

Birgit Willems also known as Ma Prem Rani , Weinsbergstrasse 98  
50823 Koln, do state as follows:

I have been a disciple of Osho (Bhagwan Shree Rajneesh) since 1982. As I came to him already being a therapist I started working in his name almost straight away.

I have always used the name Osho to point to my deep connection to the teacher and master that he was to me.

NO one has ever asked me to sign a letter of understanding or has ever spoken to me about a licence. The name Osho for me points to a deep deep connection that happens between a master and his disciple. It is not at all the product of some company or legal body.

I consider myself ( amongst other titles) an Osho Therapist and because I am that, several Osho centres like to hire me for my work in their Osho Centre.

Also currently I occasionally use the name Osho to describe a group that I teach. Osho Primal Awereness and Presence.

This is mostly so that the participants will know beforehand that the work they experience with or through me has the flavour of Osho , of what he taught me and gave to me. As I use my sannyas name also in my work it makes it immediately clear that my work is based on my personal understanding of Osho's vision

I feel that this is not only helpful but important to point to people what kind of work they will engage in.

The statements herein are from my personal knowledge and recollection and I believe all of the statements made and the facts mentioned to be true

BHPML Willems.
